

MOUNTING A MATROX IRIS GTR CAMERA TO A SMART VISION LIGHTS' RING LIGHT

When connecting a Smart Vision Lights' ring light to a Matrox IRIS GTR camera, the DF55-46 double female thread ring is attached to the threads on the Matrox IRIS GTR camera. The ADP0001-KIT is screwed on to the ring light. The DF55-46 double female thread ring screws onto the ADP0001-KIT.

When connecting a Smart Vision Lights' ring light to a Matrox IRIS GTR camera, the CB-RS-0001-KIT screws onto the camera first. Once you have the camera bracket attached to the camera, using the included screws, attach the ring light.
